

Advanced Apprenticeship Programme

- ✓ **Plumbing and Heating**
- ✓ **Heating and Ventilation**

We Offer Apprenticeships...

to students who want to earn while they learn and to gain invaluable on the job experience. Our apprenticeships offer you the chance to become a top class operative in your field.

The advanced apprenticeship lasts 4 years, with the first 2 years as either day or block release (course dependent) and completing site portfolio to achieve a L2 NVQ City and Guilds Diploma. At this point your career path will be reviewed, where you will have the opportunity to continue onto a L3 NVQ City and Guilds Diploma in either Plumbing or Heating and Ventilation depending on your skill set.

By the end of your course you will have gained a L3 NVQ City and Guilds Diploma, valuable knowledge, experience, built your confidence, earned some money and ensured a successful future with the company/industry where you will have the potential to earn £40,000 upwards.

**Starting salary is £11,700.00 plus travel and will increase on a yearly basis. If you are interested please contact Kelly McNulty,
Kelly@buxtonmcnulty.co.uk.**
